**JPEG 2000 Compressor Crack (LifeTime) Activation Code Free Download**

[Download](#)

Basic configuration options Process multiple images at once Support for BMP and JPEG image file formats Built-in configurable quality Image import from browser Image export to browser JPEG 2000 Compressor Activation Code is a small software application developed to help you convert JPEG and BMP images to JP2 file format, as well as compress them. Plain layout The GUI looks simple and embeds all configuration settings in a single window, making it really easy for you to tweak them. A double panel viewing mode allows you to check out the original and compressed files at the same time. In addition, you may select a user-defined area from a picture and preview it in a dedicated panel. Other viewing options worth being mentioned enable you to reveal the original size, fit in the frame, as well as center the photo. A help manual is not available so you need to experiment a little bit with the built-in dedicated parameters in order to understand how the utility works. Compression and conversion settings JPEG 2000 Compressor offers you the possibility to alter the quality of the compressed image very easily thanks to the built-in slider. At the end of the compression process, the

---

application reveals information about the original and output size values directly in the main window. The utility lets you process JPEG, JPG, JPE, and BMP file format. Pictures can be imported in the working environment using the built-in browse button or drag-and-drop support. What's more, you are allowed to go to the next or previous picture from the folder and save the converted files to JP2 file format. Tests have shown that JPEG 2000 Compressor carries out a task quickly and without errors. It eats up from a low up to a moderate amount of CPU and memory resources. Final remarks To sum things up, JPEG 2000 Compressor comes packed with several handy features for helping you compress and convert images to JP2 file format. The intuitive layout makes it ideal for rookies and professionals alike.
